

Support Our Growth

Our Mission

Wright-Locke Farm connects the community to local agriculture, historic preservation, and open green space while fostering the values of sustainable agriculture and land stewardship for both current and future generations.

Help support the Farm's mission by making a donation today at:
www.WLFarm.org

Donations may also be made by check and mailed to:
Wright-Locke Farm
PO Box 813, Winchester, MA 01890

Wright-Locke Farm Conservancy is a 501(c)(3) organization.
All contributions are tax deductible.

Farm Education Programs

School & Group Programs

Youth Programs

Youth education programs offer children a unique, hands-on experience learning about agriculture and the natural world on a historic working farm. All of our programs include lessons and activities related to farming, the environment, and natural science while utilizing the fields, pastures, barns, and wooded trails as our living classroom. Daily activities include visiting or caring for our animals, cooking healthy and seasonal dishes to try, tending our two youth gardens, and free choice time to partake in games, arts and crafts, and more. We currently offer spring, summer, and fall programs.

For current program schedules and registration, please visit our website: www.WLFarm.org

Adult Programs

Educational workshops for teens and adults are a great way to learn practical skills related to healthy living, small-scale agriculture, and the wonders of nature. Programs feature subjects such as food preservation and healthy cooking using local and seasonal foods, foraging, gardening, backyard farm animal and beneficial insect care, herbalism, yoga, astronomy, and more.

Farm Visits

Educational farm visits for children ages 4+ may be booked from April through October. A volunteer component may be included upon request for students in grades 6 – 12. All programs are held entirely outdoors.

Enrichment Programs

Would you prefer the Farm come to you? Enrichment programs centered on farm related topics may be booked at your venue October through May. Featured topics include chickens, goats, sheep, honeybees, worms, plant life, compost, and local food.

To learn more or to book a future farm visit or enrichment program, please email the Education Director (rcarter@wlfarm.org).

Volunteer Opportunities

We encourage teens and adults to donate some of their time and energy to the Farm by volunteering. Please visit our website for more information on current and seasonal opportunities. Groups are welcome, too!
