Life is Sweet!

On Saturday, a crew of volunteers harvested honey from our beehives. It was a sweet, sticky, lovely mess that resulted in 42 lbs of honey! Even more exciting is that we'll have our honey for sale in the Farm Stand starting this Tuesday for $10 a jar. It's first come first serve, so don't miss out and make sure to visit the stand this week. We're open Tuesday - Friday (10 - 5:30), Saturday (10 - 2), Sunday (11 - 3).

**Lollipops for the Goats...!**

As you clean up in the yard or wander the woods for the next week or so, you can do the goats a huge favor and collect the bounty of free “tree hay”, a.k.a. “goat lollipops”!

This summer and fall, the wind, rain, and squirrels have pruned the majestic oaks showering us with green-leafy twig “bouquets”, still green and full of nutrients.

They make a wonderful, healthy treat for the goats at any time of year, but especially as dry “tree hay” in the winter when green browse is relatively scarce and the goats are craving healthy, woody-plant based compliments to their daily grass hay.

Just pick them up and collect into those paper yard trimmings bags from the hardware store and bring to the farm to store with the hay. You can also collect clean dry acorns for the goats to munch on as well.

Thank you from the goats and all their friends!

Beautiful Flower Arrangements Available at the Farm Stand

Had a great evening at the last speaker presentation of the 2019 Speaker Series. Dr. Julian Agyeman spoke about the intersection of social justice and sustainability.

This Thursday, we started planting fruit trees on the hillside for what will eventually be a diversified fruit orchard! We planted pears, peaches, plums, apples, and many other trees that will help the growth, protection, and pollination of the fruit trees. This orchard is all part of our agroforestry plan. You can read more about it here!

Too cute a photo not to share! Here the Hensley and Deleo Girls are having a fun time picking raspberries together!

Thank you to Jennifer Hensley for sending along this beautiful picture. We love when our farm friends share their photos and memories of the Farm!
