

Had a grand ol' time at the En Ka fair and parade this weekend. Congrats again to our former Board President, Sally Quinn, for being awarded Citizen of the Year! Was an honor to have her ride the old Farmall in the parade. We are so proud!

And thank you to all who came down to the parade and marched with the Farm! Thanks to the Doyle kids for keeping the goats in line. You guys are the best!

Make the All Seasons Barn GREEN!

Donations have started to come in for

Bill Moomaw kicks off our Speaker Series this Wednesday

You won't want to miss, *Climate Change in New England: Becoming a Resilient Part of the Solution.*

Wednesday, May 22nd at 7:30pm

our Match Challenge to **Make the All Seasons Barn GREEN.**

We have one month (until June 21st) to raise **\$75,000** to secure the match dollars offered by one of our generous donors. If successful, the total \$150,000 will go towards making the All Seasons Barn more sustainable for the good of the environment, future farm-going generations, and the resilience of the Farm as an organization - the lifetime savings of the planned sustainable features will truly help those who use the Farm as a resource.

Sustainability Tips

There are so many little things that we can all start to work into our daily lives to create big, positive change.

We wanted to share some suggestions and ideas that we've been trying out ourselves. Check out this section weekly for sustainability tips.

TIP: Be informed!

Make sure you keep learning from the experts and expanding your knowledge when it comes to being sustainable.

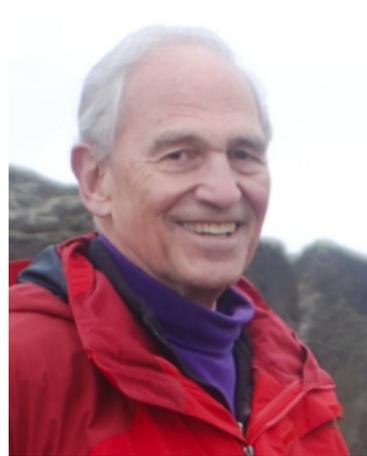

Take advantage of our free speaker series with Bill Moomaw tomorrow evening, as he gives us a better picture of the implications and solutions of climate change in New England and what individuals, families, and communities can do to help mitigate these effects.

We are currently raising money to build a year-round facility at the Farm called the All Seasons Barn. Building this multi-purpose barn is a crucial step in ensuring the future of Wright-Locke Farm. The All Seasons Barn will allow us to operate all year-long and will expand and enhance our popular programming.

[Support your Farm](#)

Say hi to our teenage chickens (or "pullets") in the main coop next to the Farm Stand the next time you visit. These girls will keep growing and then we will add them to our older flock. They will hopefully start laying in a month or so to add to our egg supply!
