Event Internship at WLF

You may have gotten to meet Sam Parker this season. She interned with the Farm to help us with events management. It was such a pleasure to have her on the team this year. She just finished up her 10 weeks with us and wrote a bit about her experience here on the Farm.

Luckily, we don't have to say goodbye just yet.

As we head into August, our fields are starting to burst with the delicious notes of Summer - which means it's the perfect time to celebrate the bounty with our Farm-to-Table Supper series. Join us for a casual weekday supper at the Farm in the beautiful 1827 Barn while looking out on the farm fields.

Making Room for the River:
Climate Resilience in the Mystic River Watershed

**August 21st, 7:30PM**

Join us in the beautiful 1827 Barn for the 4th session of our free monthly speaker series. This month, **Julie Wormser**, Deputy Director of the Mystic River Watershed Association, will explain the challenges and solutions being put forth regarding climate resilience in the Mystic River Watershed.

This watershed is the most densely populated and urbanized watershed in New England. With nearly fifty percent of the watershed developed and paved, heavier rain events mean more widespread stormwater flooding. Once filled-in tidal rivers and marshes now represent growing risks of chronic flooding. We need to make more room for the river. Come find out what Winchester and our neighbors are doing together to prepare our people and places for unprecedented and unpredictable weather.

Support your Farm
Here’s a shot from last week’s staff potluck lunch. Nothing better than a potluck with farmers and people with access to amazing, fresh produce. Thanks everyone! We’ve got such a great crew at the Farm!

Don’t forget, you can also support Wright-Locke when you shop online with Amazon Smile – they’ll donate 0.5% of your purchase to the Farm. Just make sure to access Amazon through https://smile.amazon.com/ and designate “Wright-Locke Farm Conservancy LLC” as your nonprofit pick to make your purchases count towards proceeds for the farm.
