First Days of U-Pick Raspberries!

It's finally here! The Raspberries are ripening and ready for picking. This week we plan to be open:

Thursday 10 - 5:45pm
Saturday 10 - 1:45pm

It's been a bit cool the last couple of weeks, so we're hoping for some sunshine to give them a nice pop this week. You'll have to be patient with the fields as this is the first week of picking - we will be open for as long as berries last that day - but hopefully they'll be coming hard and fast over the next coming weeks. We will update the newsletter and website each week with our open picking hours and will try to give updates and schedule changes that happen based on the weather.

Please check out our U-Pick webpage to refresh you memory on U-pick rules and tips before coming to the farm to pick.

September 23rd - 30th is Climate Week! There are a bunch of town-wide events going on sponsored by Winchester's Climate Action Advisory Committee as part of their greater efforts to create a new Climate Action Plan by December. Check out what’s coming up!

**Two events will be occurring at the Farm:**

- HeatSmart "Meet the Installers"

- WLF Speaker Series - Why Oceans Matter: It's Probably Not Why You Think.

Why the Ocean Matters:
It’s Probably Not Why You Think

Wednesday September 25th, 7:30pm. Free.
Solutions to climate change require us to think differently about how the land and sea connect to communities. Laura Parker Roerden, founder/executive director of Ocean Matters and fourth generation farmer will take us on a journey into a new paradigm for farms informed by oceans that optimizes climate mitigation through integrating regenerative soil practices with other ocean conservation efforts such as the protection of our beloved and iconic right whale, our quest to stop algal blooms and dead zones, better management of water resources, and the need to address ocean acidification. Furthermore, engaging with this paradigm in holistic ways can help communities build resilient youth, expand our notion of tribe, and give us new ways to belong.

Support your Farm

We had the Harvard Food Literacy Project come out for a day at the Farm last week - here they're showing off their dirty hands that helps us weed a big patch of leeks! It was great to have them visit and learn about Wright-Locke - it was also great to learn more about the work that they do on campus to help connect people to their food system! Let's keep collaborating for a vibrant food system!

Don't forget, you can also support Wright-Locke when you shop online with Amazon Smile - they'll donate 0.5% of your purchase to the Farm. Just make sure to access amazon through https://smile.amazon.com/ and designate “Wright-Locke Farm Conservancy LLC” as your nonprofit pick to make your purchases count towards proceeds for the farm.
